

## Audio Panel Accessories

**BPO 1/4" Gauge B jack plug Patchcords** Twin-screened tinsel conductors for ultimate flexibility and noise-free operation, covered in nylon braid for long life. The dual versions are 6-circuit providing total isolation of each signal path. Available in standard lengths.

**Bantam Audio Patchcords** Identical construction to the BPO 1/4" Patchcords but fitted with Bantam jack plugs.

**Digital Patchcords** Black PVC jacketed 110 Ohm versions of BPO 1/4" Gauge B and Bantam Patchcords are available for AES/EBU Digital Audio Systems. Connectors are nickel plated.

*All patchcords conform to the protection requirements of EU Council Directive 89/336/EEC (inclusive 93/68/EEC) for EMC/RFI emission.*

*See overleaf for Technical Specification and Ordering Information.*
